

Gryt is the power of **your authentic voice**

For Patients and Caregivers

For Medicines Developers, Providers and
Health Equity Professionals

Your experience can change healthcare

With your help, we can change the healthcare system by helping people learn about new treatment options, helping the medical community learn about the lived experiences of people facing a diagnosis through patient experience research, and co-create educational programs to learn from real people who are working to make a difference. We welcome and encourage you to learn more about how we work with the healthcare industry [here](#).

Testimonials

◀ 3/3 ▶

"The most important part of my experience with Gryt Health's community is that I found my voice as a patient advocate. The community taught me that my story is unique and sharing my lived experience is healing and leads to positive change for others."

We're not just here for you, we're here with you

You are not alone in your thoughts and feelings. As patients, survivors, and caregivers ourselves, what you're facing and how you're feeling are things that we have experience in. Join people who have discovered their perseverance and "gryt" by interacting with others and hearing stories that highlight real experiences.

The support you didn't know you needed

We offer support in whatever way you are seeking it. Our live programs allow for authentic conversations about the topics that don't get talked about openly, led by peers living the experience and professionals working to improve it. Our recorded programs are 250+ and growing, with topics going in-depth that impact your health and wellbeing.

As survivors and caregivers ourselves, we know the importance of:

Our commitment to you

- **Permission:** We never share your data or do anything without your permission first
- **Transparency:** We share with you why we're doing the work we are and how it will be utilized
- **Partnership:** We follow-up with everyone after they participate so they know how they're voice is improving health and healthcare

Testimonials

1/3

"As a single mother with two young kids, I felt isolated and overwhelmed about my diagnosis and the unknowns of the pandemic. I joined Gryt Health's online support group and I instantly felt connected to other survivors and validated by sharing my experience. The group even allowed my kids to make appearances."
